

Prof Gopinath retires

ably as Director of Summer Institute in Mathematics, Director of student services, Director of Astronomical services and Returning Officer for College Union elections. Prof Gopinath has settled close to the campus.

His students will remember Prof. Gopinath as a teacher who inspired them to raise questions and his colleagues will always eery him his equanimity: one should call it mathematical poise.

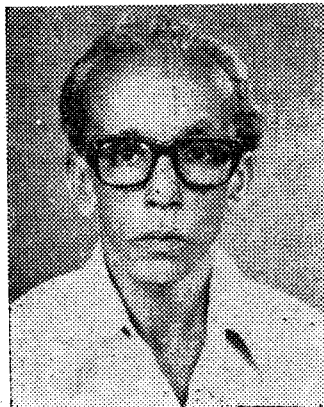

Prof Gopinath has favoured us with an article on the recent Halley's comet; we are Sure the reader would find it interesting and recording.

Prof M Gopinath of Mathematics Department represents the second generation of teachers who are bidding farewell to active Service in the college. He combines the whole hearted dedication of the founders with the gentle amiability of his Successors- Unassuming but briant. oft-Spo. ken but efficient. Prof Gopinath has left to his Successors a rare heritage of competence cruples with Sincerity.

Sri Meempatt Gopinath took his B A. Honours (Maths) degree in 1951, and his M. A. (Maths) in 1955, both from Madras University. He joined the College as Lecturer in 1952, and rore to profsseor ship in 1970. He become Head of the Department in 1982 on the retirement of Prof N. V. Beeran. He has Served in various other capacities as well, not-

Sri M. Kunhimohamed
