MESSAGE FROM THE PRINCIPAL

I am gratified that the thirteenth issue of the Campus Vibes, the newsletter of our college is ready for circulation. The variety of activities replicated in this newsletter is a clear indication that the college has organised programmes of international standards. Our students have made stupendous achievements in the fields of academics, sports and arts in the year 2017. The college has demonstrated that the road to success is paved with good intentions. We aim to get work done in the shortest possible time, without losing the quality. With the timely completion of the course and declaration of the results, a good number of our students of the first autonomous batch of Postgraduate programmes are engaged in research or placed at reputed institutions. The college has also advanced considerably in the field of research as evident from the number of NET/JRF holders and Ph. D awardees.

In a college which is pulsating with activities almost everyday, it was an uphill struggle for the editorial committee to select the most essential matter and bring out this newsletter, Campus Vibes 2017. I appreciate their sincere attempt.

Prof. E. P. Imbichikoya

Principal, Farook College
